

Dear Friends of Halo of Hope,

Each year The Jared Tomich Halo of Hope Foundation raises funds to send children with cancer and blood disorder illnesses to The Circle of Friends Camp, and to support local families. No child should ever have to face cancer. After attending his first camp, Jared realized how life-changing this experience could be. With the children in mind, he formed a 501(c)3 non-profit so he could give children the opportunity to feel like kids again during their battles against cancer.

To date, Halo of Hope has sent over 60 kids to camp. Camp is a huge part of our programming and costs \$2,000 per child to attend. Halo makes sure that no child *EVER* pays for camp. Halo of Hope also continues to work with local families to ensure that the quality of life for childhood cancer patients is maintained during periods of treatment and remission. Halo is only able to make sure this happens with the generous support of our family, friends and community.

Halo of Hope's Second Annual Halo-Ween Ball will be **Saturday, October 26, 2013**, at the Fine Arts Building of the Lake County Fairgrounds, in Crown Point, IN. Any donation of products or services from you/your business would be greatly appreciated. We are in need of the following items (sponsor pricing listed on wish list):
